# **W A N T E D YOUR COMMERCIAL AUTO BUSINESS**

Texas United is very pleased to announce the addition of a Business Auto Program to add to our growing list of products.

You are probably wondering how this will benefit you and your agency! Many of you have taken full advantage of our Easy On-line G/L Rating Program for Artisan Contractors. (We appreciate the business by the way). The addition of this program will now enable you to insure the commercial vehicles these Artisan Contractors use in their business. You will now have the ability to insure the entire account

Texas United has the ability to quote these in-house in most instances. We are setup to provide you with quick turn-around on these quotes. So don't delay, give us a call today. You can download a Business Auto Quick Quote Sheet from our website at [www.txunitedmga.com](http://www.txunitedmga.com).

We ask that you give Texas United a chance to quote your very next Business Auto Risk. This applies to Service, Retail and Commercial vehicles. The Carrier is a A-VIII AM Best Rated.

**Oh, and please don't forget to pass this information along to all of your Commercial Auto CSR's so they will know to contact Texas United for their future Commercial Auto Quotes.**
